Wm. Taylor Smith vs. James M. Steuart. Sheriff, administrator, &c.—in chancery—this cause was referred to a Commissioner in Chancery.

B. C. Crook or ux. vs. Rosanna Klue et al.—in chancery—report of commissioners appointed to make partition was confirmed, and clerk ordered to make a copy of said report and this decree, and certify the same to the County Court of this county for recordation.

J. J. Wheat vs. Sarepta Lodge et al.—in chancery—leave was given to G. K. Witmer to file his separate answer, which was done, to which the plaintiff replied generally, and this cause was continued.

The Alexandria and Washington Railroad Company et al. vs. the Washington, Alexandria and Georgetown Railroad Company et al.—in chancery. This cause came on to be heard upon the papers formerly read, the amended bill, answers and exhibits and the application of C. R. Coleman, et al. for a removal of the cause to the Circuit Court of the United States for the District of Virginia. The motion to strike out the setting of this cause for hearing, by the clerk, and that the cause be set down for hearing on demurrer, and the exceptions of Charles R. Coleman et al. to the commissioner's report, and argument of counsel being heard, the Court overruled the said several motions of Coleman et al., and proceeded to make such decree as it is advised is right and proper. It was ordered and decreed that the order of the County Court of Alexandria made February 3, 1862, removing Walter Lennox, trustee, under date of July 16, 1857, and substituting Joseph B. Stewart in his stead be declared null and void, and set aside, and that all proceedings of Joseph B. Stewart as substituted trustee, subsequent thereto, his sale and conveyance of said road to Alexander Hay and Joseph Thornton, on April 14, 1862, and organization thereunder of the Washington, Alexandria and Georgetown Railroad Company were illegal, and are hereby set aside; and it appearing to the Court that the Washington, Alexandria and Georgetown Railroad Company has equipped and operated said road and has issued large amounts of stock, by virtue of an act of the General Assembly, passed January 23, 1864, authorizing an increase of its capital stock not exceeding in the aggregate \$500,000, and to issue and sell its bonds to an additional amount of \$200,000, and it further appearing that said Company has created debts and incumbrances upon the same, and that under the authority aforesaid, to issue stocks and bonds to a limited amount, a large amount has been issued in excess of said authority, which has been sold, and is now in the hands of the purchasers thereof; and with a view to ascertain what equities may exist growing out of said transactions, this cause was referred to a Commissioner in Chancery: 1st. To take an account and report the liabilities of the Washington, Alexandria and Georgetown Railroad Company, made at the time of the sale of the road; 2d. The condition of the road at that time; 3d. What liabilities have been contracted by the new company, and if any since that date have been paid, by whom, under what authority and from what sources the funds were derived, 4th. What amount of new stock was issued, by whom and under what authority, what amount was paid for, and by whom; 5th. How much of said stock issued was genuine and how much spurious, by whom and under what circumstances the same was issued; 6th. What amount has been expended in the reconstruction and equipment of the road since the sale; 7th. What real estate in Virginia has been purchased since the date of sale, at what price, and how much remains due thereon; 8th. What amount was received from the U. S. Government for the transportation of troops, how expended, and what amounts are now due for that service; 9th. That an account of the earnings of the road be taken since the 10th of April, 1862, what amount of improvements since that date have been placed upon it, and by whom, and how paid for, and what amount of property belonging to the Alexandria and Washington Railroad Company was received by the new company; 10th. It is further ordered and decreed that for as much as the Washington, Alexandria and Georgetown Railroad Company has acquired no legal title to the said road under the proceedings of the County Court of Alexandria or the acts of the substituted trustee, that the said road now in possession of the officers, agents, lessees, or servants of the Washington, Alexandria and Georgetown Railroad Company be restored to the possession of the Alexandria and Washington Railroad Company, its duly authorized officers and agents; but it appearing to the Court that the Washington and Alexandria Railroad is largely indebted, and has created incumbrances on the road by deeds of trust in favor of the city of Washington, Fowle, Snowden & Co., and Benj. Thornton, and that there are others existing thereon prior to the organization of the new company, the said com-

pany may be, upon a final hearing of this cause, held to a certain extent responsible for the debts and liabilities incurred by the new company, upon which the Court expresses no opinion.

Before the Alexandria and Washington Railroad Company receives the benefit of so much of this decree as restores the road to them, they shall give bond in the penalty of \$50,000, faithfully to account for the receipts and expenditures of said road. At the instance of the defendants who desire to present an appeal, the execution of this order is suspended till November 15th next, upon such persons giving bond in the penalty of \$5,000, conditioned according to law.

The exceptions of Coleman et al. to former report, as well as the report recommended to the Commissioner.

Davison vs. Stevens & Phelps.—in chancery, and on injunction—rule against defendants, returnable at next term, to show cause why they should not be fined and attached for violating the injunction of this Court.

To-day.—George Washington and wife vs. John Gheen—in ejectment—case removed to U. S. Circuit Court, for District of Virginia, under writ of certiorari from said court.

Miller vs. Hunter.—in assumpsit—motion for new trial argued and overruled, and judgment against plaintiff for costs.

Bank of Old Dominion vs. W. C. Yeaton.—defendant pleaded payment and tender, and deposited amount of tender \$725 in notes of said bank.

C. Neale's ex'r. vs. J. E. Chase.—in assumpsit—not assumpsit—replication and issue, and continued.

Williamson vs. Grayson.—attachment—report of sale of real estate by sheriff filed and confirmed, and proceeds credited to judgment, and conveyance to Cogan purchaser ordered on Plaintiff giving bond in Clerk's Office in penalty of \$600—condition according to Sec. 24, Chapter 151, of Code of Virginia.

Lawrence, Meyers & Co. vs. John P. Price.—jury waived, and judgment by court against defendant for \$370.93, with interest from 25th of August, 1866, till paid, and costs, and order for sale of real estate, levied on under attachment for cash, by sheriff, and proceeds to be applied to satisfaction of judgment.

The court was occupied during the rest of the day with chancery cases, and will adjourn this evening until court in course.

AGUE—CHILLS AND FEVER.—As the season for this distressing malady approaches, its symptoms are looked for with anxiety by its victims. How they yawn and stretch and shake and burn, are familiar matters to all on whom its dread hand has been laid! Few afflictions so effectually take for the time the spirits out of one, and no malady so insignificant in itself, so utterly enervates and depresses its subjects, and perhaps none appears more trivial and ridiculous to the beholder.

Miasm is said to originate ague, in what way precisely is not very clear. How to avoid its effects is all that is necessary for the unprofessional reader to know, and possibly this is about all that any one knows. Miasm is stated to be a subtle emanation from decaying vegetation, and is distinct from malaria, which is simply "bad air." The heat of the Autumn sun volatilizes it, causing it to ascend to the region of the clouds, the cool of the morning and evening precipitating it again to the earth, or so near it as to be within breathing distance. A greater degree of cold renders it partially or wholly innocuous. At morning and evening twilight, therefore, it is most active, and it is most readily absorbed into the system by inhaling it while the stomach is empty.

A few rules for the avoidance of ague may be deduced from the above: 1st. Do not go out into the open air before breakfast. 2d. Keep out of the night air as much as possible. 3d. Sleep with the windows of the bed chamber closed, no matter how cool and inviting the night air may be. These rules well observed will keep off chills. Those who cannot, from any cause, observe them, can have ague and take quinine. If objection is made that individuals are known who violate all these rules and escape ague, it is only necessary to say that there are some persons who will not take anything, who pass unharmed amongst cases of small-pox, yellow fever, and other violently contagious diseases.

Thick foliage, it seems, intercepts and absorbs miasm, as will, also, it is said, swiftly running streams. It has been observed that residences in aquatic localities, surrounded thickly by trees, were exempt until the trees were cut away, when the residents were attacked as their unprotected neighbors were previously. A cheerful fire burning on the hearth, meroing and evening, will tend to dissipate miasm. A prominent medical gentleman, formerly a resident of New Orleans, states that he kept off yellow fever by this simple means when it was raging in that city, though hourly exposed to it.

GRAIN.—The books of the corn exchange make the following exhibit: Offerings of grain for the week ending July 31st, 1868—Corn, 4740; Wheat, 7538; Rye, 285; Oats, 3542. For the week ending August 29th, 1868—Corn, 3942; Wheat, 26657; Rye, 1200; Oats, 10890; showing an increase in the offerings of Wheat, of 19119 bushels; Rye, 910; Oats 6258, and a decrease in the offerings of Corn of 798. In addition to the above there were large receipts of grain not reported on the books of the Exchange. The exhibit is, however, very gratifying.

AN AQUATIC PRISONER.—On Thursday last the schooner Forward, Jones master, with a cargo of coal, from Havre de Grace, for this city, was off Stump Neck, in the Potomac, the man at the wheel was for a time very much alarmed by the sudden flapping of a large sturgeon on the deck close by him, which had jumped aboard from the river. The fish was secured with a noose, thrown overboard and towed here, where it was sold.

THE EXPRESS.—The steamer Express, Capt. Nickle, on her regular trip from here to Baltimore, this morning, carried, as part of a very large freight 70 hogsheads of tobacco, which had been brought here during the past week by the steamer Fairy from Farmington. The Express, on Thursday last, brought up, on an extra trip from Aquia Creek, one thousand and seventeen sacks of sumac for Messrs. Rosenthal and McGraw of this city.

ELECTION OF OFFICERS.—The following named gentlemen were last night elected officers of Mount Vernon Circle, No. 1, Brotherhood of the Union, of this city:

C. W. A. H. Brown; C. J. Wm. Jackson; C. F. J. W. Hammond; C. W. Wm. J. Miller; C. F. Wm. T. Jarvis; C. G. Wm. Baker; H. S. K. Jas. M. Germond; H. R. John Soper; H. T. Richard Owens; W. D. John Haden; W. N. John Starnell; E. W. S. S. Coleman; delegates to the Supreme Circle, R. H. Warder, C. C. Wade.

These officers will serve for the ensuing term.

WARNING TO BOYS.—A little son of Mr. Harlow, while wrestling with his brother, yesterday morning, was thrown violently to the ground, and had his elbow joint badly dislocated. Dr. J. B. Johnson was called to see the little sufferer, and soon relieved him by a speedy reduction of the dislocation. Boys whose chief delight is to play "circus" should take warning.

CHALLENGE ACCEPTED.—Jefferson Circle, No. 2, Brotherhood of the Union, of this city, has accepted the challenge lately made by the Knights of Maryland for a tournament for \$100 a side, and will raise the amount \$100 more if desired. It is supposed that the joust will come off at Carlin's Springs during the coming month, as the challenged party has the selection of the time and place.

COAL VESSELS.—Coal vessels in large numbers are now at this port awaiting cargoes, which they will all have during the coming week. The stream is so crowded with them that the steamers Keyport and Express, in leaving here this morning, on their respective trips had some difficulty in steering clear of them.

REGATTA.—A regatta will take place on Tuesday next. Among the boats already entered is the Robert E. Lee, of this city. The steamer Thomas Collier will accompany the race. The distance to be made is that between Washington city and Fort Washington. A purse of \$50 is to be awarded the victorious boat.

THE WAWASEE.—By reference to an advertisement in the Gazette to-day, it will be seen that the steamer Wawasee has resumed her semi-weekly trips to Currioman and Cone River. This announcement will be gladly received by the public.

APOPLECTIC STROKE.—Mr. A. T. Thorp, of this city, was attacked by apoplexy, on Thursday last, while on his way to Washington. His physicians entertain hopes of his speedy recovery.

HALL THIEVES.—Hall thefts are now becoming numerous, and night latches should always be kept sprung. An advertisement in another column offers a reward for the arrest of one of the thieves.

THE MARKET to-day was well supplied with vegetables, fruits, and meats—but we have no change whatever, to report in prices. They remain at the quotations given last Saturday.

HEBREW NEW YEAR.—The Israelites in this place are making preparations to celebrate their New Year, September 16.

RAIN.—A fine rain last night, which must have helped the corn greatly.

POLICE REPORT.—MAYOR'S OFFICE.—The Mayor has returned from his temporary absence, and this morning presided at his Court as usual.

Cary Davis, colored, on complaint of J. T. Stone, for disorderly conduct, was fined and discharged.

A man named Clary, for an attempt to create a disturbance by seizing and retaining possession of a market stall belonging to Mr. Kirby, was fined and discharged.

Hugh Strider, for disorderly conduct, was discharged with a reprimand.

MAGISTRATES' OFFICE.—John Thompson, colored, for obtaining goods from George L. Seaton, under false pretences, was fully committed for trial at the next term of the Court.

Edward Banks and Lewis Rollins, colored, for stealing bacon from Capt. Heischley and Mrs. Burns, were discharged for want of evidence.

TELEGRAPHIC NEWS.

SPECIAL DISPATCHES TO THE GAZETTE.

From Louisiana.

NEW ORLEANS, Aug. 29.—The police force of this city has not been paid off for five months. Yesterday a committee from the force waited on the Mayor, with a memorial, setting forth that many of the officers were without the means of procuring the common necessities of life, and that their families were in actual want, that the best officers have been reduced to absolute beggary and to solicit from the charitable, whose residences they guard, food to take to their families. They say that it is not charity they ask, but pay for labor performed.

The Council considered the memorial and passed a resolution declaring their inability to move in the matter, and referred the memorial to the Legislature.

In the House, yesterday, an act was passed amending the charter of the city of Jefferson, providing for a new election of city officers on January 1st, and empowering the Governor to remove the present incumbents who were elected under the present Constitution.

The House also passed a bill prohibiting any distinction on account of color or previous condition on routes of travel, places of entertainment or public resort.

This bill goes into effect from and after its passage.

In the Senate yesterday, Mr. Bacon offered as a resolution setting forth that charges of bribery and other improper practices against members of the Legislature while acting in their legislative capacity, have obtained currency, it is the duty of the Senate to vindicate its character by calling for a Committee of investigation.

The resolution was adopted, with half a dozen amendments intended to kill it, and lies over until to-day.
